CLUB MEETINGS

The club members generally meet every Tuesday morning at Block 3

Midland Railway Workshops.

The club, established in 1982, is a not-for profit, incorporated association and holds regular general meetings of members and has an elected committee to administer and manage the affairs of the club.

The club attends Local Shows and exhibits preserved and working machinery some of which are over 100 years old.

Some of the exhibits belong to the Club and others from private collections of members.

In brief the object of the club is to promote interest, both within the Association Members and within the general public, in vintage, veteran or unique machinery that are considered of interest.
