THE CLUB

Established in 1982, we are a not-for profit, incorporated association.

Our aim is to promote the appreciation of WA's machinery heritage and vintage, veteran or unique machinery through the preservation, repair and restoration of such machinery for display to the public.

ACTIVITIES

We ensure that our members can enjoy club activities in a safe, supportive, respectful and socially inclusive environment.

We provide our members with:

- Opportunities to share and grow their knowledge and skills
- Technical advice and resources
- Machinery to restore
- Access to tools, equipment and workshop facilities.

We attend local shows and exhibit preserved and working vintage machinery, some of which are over 100 years old.

LOCATION

Based in the heritage Power House and Boiler Room complex, at the western end of Blacksmiths Lane off Main Gate Road, Midland Railway Workshops.

MEMBERSHIP

Annual membership \$50 plus \$20 insurance
Partners of applicants are automatically members

Apply online at:
